	)	<b>CP06-56-000</b>

**Answer of the  
Town of Riverhead To  
Broadwater Energy's Motion for Leave to Reply  
And to Broadwater's Reply Comments**

The Town of Riverhead ("Town"), pursuant to Rule 213 of the Federal Energy Regulatory Commission's ("Commission" or "FERC"), 18 CFR § 385.213 (2005), hereby answers Broadwater Energy's and Broadwater Pipeline's ("Broadwater's") April 3, 2006 motion for leave to reply to an array of comments and protests against Broadwater's Applications in this proceeding. Broadwater's floating Liquefied Natural Gas ("LNG") storage unit ("FSRU") is proposed to be located in the Town of Riverhead, which is an intervener in this proceeding.

Broadwater's filing, while styled as a "motion," is in the nature of a closing argument, asking the Commission to "accept its reply comments in aid of its decision-making process", and urging the Commission to "continue the process of completing its consideration of Broadwater's Applications." (Motion, p. 48). Riverhead objects, and respectfully requests that the motion be denied and that Broadwater's Reply be stricken from the record. In the event the motion is not

denied and the Reply is not stricken, Riverhead respectfully refers the Commission to the Answer of Suffolk County being filed herein today, which the Town supports and joins in.

Respectfully submitted,

s/ "G. S. Peter Bergen"
